

Tytuł pracy w jęz. angielskim	Tools and instruments for the effective Polish-German cultural cooperation.
Słowa kluczowe (max 5)	Poland, Germany, cultural cooperation, cultural policy
Streszczenie pracy (max 1400 znaków)	<p>This thesis focuses on the cultural exchange and cooperation between Poland and Germany in the early twenty-first century. Based on the research gathered, the analysis shows the conditions and methods necessary to make this cooperation effective. It also brings the cultural policy of Europe, Germany and Poland closer, as well as ways of promoting German and Polish culture abroad. This paper examines selected legal documents which form the basis of cultural cooperation between Germany and Poland, at the same time outlining historical background based on the cultural exchange throughout the history. It also presents activities of cultural institutions dealing with Polish-German cooperation in Poland and Germany, by analyzing their activities through various research methods and techniques. The thesis is closed with an evaluation of the current situation as well as some recommendations for the future.</p>
